2019 Novel Coronavirus (2019-nCoV) - Monitoring Metrics

Indicator or Metric*	Baseline at Variance Application Submission	Threshold for Considering Modifications	Status 7 Days Ago	Current Status**	
Ability to Test, Contact Trace, Isolate, and Support the Exposed					
14-Day cumulative COVID-19 incidence per 100,000 population	28.6	≥32	21.0	13.9	
Percent of cases reached by public health teams	98.5%	<90%	95.4%	95.4%	
Percent of Alternative Housing Site Beds designated for individuals diagnosed with COVID-19 or who are awaiting test results that are filled	2%	≥25%	Data Not Available	Data Not Available	
Ability to Protect Those at High Risk for COVID-19					
Percent of Skilled Nursing Facilities with no new cases in the last 14 days	94%	<75%	94%	94%	
Number of COVID-19 related deaths over last 14 days	2	≥5	1	0	
Surge Capacity for Hospitals and Health Care System					
7-Day average of daily percent change in total number of hospitalized COVID-19 patients	-0.2%	≥5%	-1%	2%	
Percent of ICU beds available averaged over the last 14 days	71%	<54%	52%	50%	
Percent of Monterey County hospitals with ≥14 days' supply of personal protective equipment (PPE)	100%	<75%	***	***	
Epidemiology and General Surveillance					
Overall test positivity rate for the past 7 days	2.3%	≥8%	2.7%	2.1%	
Case doubling time (7 day lag)	29 days	<8 days	377 days	393 days	

*Unless otherwise specified, all indicators and metrics are calculated using a one-day lag. Counting for measuring the metric starts on "Current Status" date.

**Current status as of June 10, 2021. Data are refreshed Monday through Friday.

***The California Hospital Association and California Department of Public Health are no longer reporting greater than or equal to 14 days' supply of personal protective equipment (PPE) by hospital.

Who Is Eligible Now

**The COVID-19 vaccine is here.
Make an appointment today**

[**Click here to start**](#)

All Monterey County residents age 12 years and older are eligible to make an appointment for COVID-19 vaccination.

Johnson and Johnson Vaccine Information

On April 24, the Western States Scientific Safety Review Workgroup **concluded** the Johnson & Johnson vaccine is safe and effective and recommended resuming use of the vaccine for all eligible Californians. CDPH has produced a **factsheet** to help the public understand the risks and benefits of receiving the single-dose J&J COVID-19 vaccine.

It is available in both **English** and **Spanish**.
